MP POLICE LOCK 4800 Series Auxiliary Multi-Point Locks

Model Creation

MP Police Lock Offers Customization Choices In The Following Categories:

- **Locking Points** (2, 3 or 4)
- **Deadbolt Design** (Round or Square)
- **Interior Operation** (Turnpiece or Key)
- **Exterior Operation** (None or Keyed)
- **Door Size** (Standard, Wide or Tall)

Building A Model #:

Create a model number by listing the elements in order. Examples:

**4840A-TTHG-37**

1) Locking Points 4-Points
2) Bolt Type Deadbolts for inswing
3) Interior Operator Thumbturn
4) Exterior Operator "Hardguard™"
5) Door Size 3’x7’ or less

**4840B-LTBG-48**

1) Locking Points 4-Points
2) Deadbolts Deadbolts for outswing
3) Interior Operator Elongated Turnpiece
4) Exterior Operator "Bestguard™"
5) Door Size 4’x7’ or less

**4822B-COXX-37**

1) Locking Points 2-Point Vertical
2) Deadbolts Deadbolts for outswing
3) Interior Operator Key Operated
4) Exterior Operator None
5) Door Size 7’ or less

Benefits of Multi-Point Locking:

Multi-point locking bolts the door to the frame at up to four independent locations. The typical break-in occurs when a burglar tries to pry the door from the frame at the lock area. Multi-point locking defeats this method by protecting the door like a bank vault lock.

Technical Information

**Mechanism**
Steel encased. No user serviceable parts. Shipped fastened to mounting plate.

**Channels**
Anodized aluminum, 18 gauge. May be field cut for shorter or narrower doors.

**Threaded Rods**
1/2” dia. May be field cut for shorter or narrower doors. Protected within aluminum channels.

**Square Deadbolts**
Laminated steel, 4” long, 5/8” high and 1-1/4” thick.

**Rounded Deadbolts**
Stainless Steel, 5” long, 5/8” dia.

**Housing Cover**
Single piece stamped steel, 13 gauge, powder coated black.

**Warranty**
15 years, exclusive of vandalism and abuse.

See Back Page For Additional Options (Ordered Separately)

General Information

**DOOR & FRAME PREPARATION:** No Special Prep Required.

**HANDING:** Non-Handed.

**SIZE:** Shipped Standard For 3’x7’ Door. Can Be Field Cut For Smaller Doors.

**DOOR THICKNESS:**
Designed For Doors 1-1/4” To 1-7/8” Thick. If Door Is Over 1-3/4”, Order Thick Door Extension Kit.

**CYLINDER:**
Rim Cylinder With Long Tailpiece Required (except TG).
TG Requires Mortise Cylinder, Straight Yale Cam.

Not To Be Used On Doors In Means Of Egress: See MP4900 Series For Emergency Exits

Please review all relevant codes and requirements prior to the specification or application of auxiliary multiple-point locks. As all deadbolts retract simultaneously with one motion, auxiliary multi-point locks are designed for installation where auxiliary deadbolt locks are permitted.
### 1) Locking Points

**4-Point Locking:**
- 4840

**2-Point Locking:**
- 4822
  - (Vertical) edge of door mounting

**3-Point Locking:**
- 4831
  - (Vertical, 1 Horizontal)
- 4832
  - (Top Vertical, 2 Horizontal)
- 4833
  - (2 Horizontal, Lower Vertical)

#4822 may be mounted near edge when used on a pair of doors with #4840.

### 2) Bolt Type (determined by door swing)

#### A) Inswing Doors
- Square laminated deadbolts project into strike brackets mounted on the frame.

#### B) Outswing Doors
- Rounded deadbolts project into holes drilled into the frame.

#### C) Special square deadbolt model for outswing doors.

### 3) Interior Operators

**Thumbturn**
- Standard diamond-shaped turnpiece

**Elongated Turnpiece**
- Easier-to-grasp longer turnpiece

**Keyed Cylinder**
- Interior keyed operation (rim cylinder required)

### 4) Exterior Operation & Guard Plate

**XX**
- No Exterior Operation

**HG**
- HARD-GUARD
  - Thru-bolted with hardened steel layer
  - Rim cylinder required for HG, BG, SG, DG & SR (not included)

**BG**
- BEST-GUARD
  - HG with removable core opening

**SG**
- SECURI-GUARD
  - Thru-bolted magnetic cylinder protector
  - Sliding shield protects cylinder from elements
  - Easy locking bay change

**DG**
- DUST-GUARD
  - Mortise cylinder required (not included)

**SR**
- SECURI-GUARD REMOVABLE BAY

**TG**
- THUMB-GUARD
  - Key unlocks thumbguard for easy release

### 5) Size (Height & Width)

- **37**
  - For doors up to 36" wide and 84" tall
- **38**
  - For doors up to 36" wide and 96" tall
- **47**
  - For doors up to 48" wide and 84" tall
- **48**
  - For doors up to 48" wide and 96" tall

Channels and rods may be field-cut for smaller sizes. Extension kits are provided to meet oversize requirements. Extension kits are available separately. See back page.
Customizing Accessories

For Wider & Taller Doors
Use Extension Rods and Channels to lengthen horizontally or vertically
